Mr. Klug's Corner

This week, Mr. Krueger led our chapel service and continued our focus on our theme verse for the year, Romans 8:28: "And we know that for those who love God all things work together for good, for those who are called according to his purpose."

Mr. Krueger brought our theme of Stronger Together to life by involving many of our students in his message. One of the highlights was a tote filled with weights. While lifting it was a challenge alone, students quickly discovered what happened when they worked together, many hands made the heavy load much easier to carry!

What a great reminder for all of us. There will be times when the things we face feel heavy, but God has placed people around us to encourage, support, and help one another. Most importantly, we know that God is always at work, even when we may not immediately understand His plan. As Romans 8:28 reminds us, He works through all things for the good of those who love Him.

As a school family, we continue to see how much stronger we are when students, families, teachers, staff, church, and community work together.

Week 5 Parenting Tip: Let Them Carry Some of the Weight

As parents, it can be tempting to step in quickly when our children struggle. This week, consider allowing your child to work through an age-appropriate challenge before jumping in to solve it. Ask questions such as, "What do you think you could try?" or "How can I support you without doing it for you?"

Children build confidence and perseverance when they learn that they can face challenges, make mistakes, ask for help, and try again. We don't have to remove every weight from their lives. Instead, we can teach them how to carry it and remind them that they never have to carry it alone.

School Pictures

Some of our families have not received emails from our photography company notifying them that their student pictures are available to view and purchase. If you have not received an email and your student was present on picture day, please visit the link <https://www.vipis.com/view/school-portrait> and use the search feature to look for your student's photos. If you are unable to locate them, you may contact VIP Photography directly at 262-375-4457 or email customer.support@vipis.com

Re-take day will take place on Thursday, October 15 for those that were not present on the original picture day or those that need re-takes.

Contacting Teachers and Other Staff

We have found that the best and quickest way to contact a member of the Bethlehem staff is through their school email accounts. Each staff member has an email account that consists of their firstname.lastname@ourbethlehem.com. The school office can also be reached at infoschool@ourbethlehem.com. We do not advise parents to contact us using the pass a note system on Sycamore as there is sometimes a substantial delay in us receiving those notifications. Of course, you can also reach us by phone at 920-452-5071 as each staff member has a voice mail that can be used to leave messages.

Please do not use staff members personal phone numbers, emails, Facebook accounts, etc. to contact them regarding school issues.

Competition Ready Team Training Volleyball Camp

This camp is designed to do more than just improve skills — it's about preparing players to think, move, and play like a team. We focus on teaching the "why" behind the game — understanding rotations, positioning, and decision-making — so players know not just what to do, but why it matters.

Through a mix of on-court instruction & game-play scenarios, athletes will learn:

- **Court Awareness:** Why that's critical to success
- **Team Rotations:** How they work
- **Game IQ:** The strategies that set great players apart
- **Confidence & Leadership:** How to play with purpose and motivate teammates

While we still refine skills and fundamentals, this camp is about inspiring players to see the bigger picture, preparing them for success as they move into higher levels of play — and helping them step onto the court ready to compete with confidence.
