Camp Scholarship

We have once again received one-week scholarships to Camp Anokijig for students at our school. This gift comes to us through the efforts and generosity of many individuals and foundations who believe every child should have the opportunity to experience a week at camp. This is their way of sharing and serving the community.

If you are interested in this opportunity please write a paragraph about why you would like to go to camp this summer. The paragraph needs to be dropped off in Mr. Vanic’s

February 9th – Building Your Retirement Foundation

How much should I save? What type of accounts should I have? One way to ensure you can achieve your retirement dreams is to lay solid groundwork for your goals. In Thrivent's free education workshop, Building Your Retirement Foundation, you'll:

- Build a strong and adaptable retirement financial strategy
- Understand when enough really is enough
- Gain confidence in what you're saving for retirement

February 16th – Will Your Taxes Affect Your Retirement?

When you retire, you leave behind many things – the daily grind, the commute to work, and maybe even your previous home. However, one thing that will always remain is a tax bill. In fact, income taxes may very well be your single largest expense in retirement. Additionally, income taxes are different for the various retirement investments you may have. It's critical to have a solid understanding of the tax status of your investments so you can make informed decisions and avoid paying more than your fair share. At this workshop we will discuss:

- How future tax changes may create the potential for higher taxes
- Ways to create tax-free retirement income
- How to work efficiently within your current tax brackets.

February 23 – Prepare Wisely: End of Life Strategies

Having a strategy in place can make things easier for your family after you're gone. At this workshop:

- Learn how to create an end-of-life plan
- Discover which documents you need so your final wishes are clear
- Make your wishes known about your health and asset distribution
