As a private elementary school that prides itself on offering a quality, Christian education at an affordable price to the community, we work hard to find funding sources that allow us to keep our tuition and other fees to a minimum. For families that want a faith-based education for their children, the overall cost is a primary consideration.

Because of that, our school offers an advertising opportunity for area businesses and individuals interested in supporting our athletic programs. We work with The Sign Shop of Sheboygan to place 4' x 4' advertising signs in our gym.

Our gymnasium is used for many events – volleyball matches, basketball games, church activities, school performances, a city vendor craft fair – each year. With the hundreds or even thousands of area residents attending these events, purchasing a sign to be displayed in our gymnasium is a practical and cost-effective way to show support for Bethlehem Lutheran School.

If you decide to advertise with us please send digital art to jon.krueger@ourbethlehem.com.

Some businesses already have art on file with The Sign Shop.
